## Museo Numismatico Aruba

E historia di placa den Caribe, mescos cu esun di nos isla, ta uno varia y complica. Esaki tin di haber cu e historia di ocupacion den henter e area di Caribe.

E exposicion den Museo Numismatico Aruba ta cubri tur e ocupacionnan y tambe ta ilustra cua moneda tabata circula den cada temporada. E exposicion ta ilustra e historia te na nos Status Aparte y nos sistema monetario.

The Caribbean monetary history, as well as that of our island, is an varied and complicated one. In order to fully understand it, it is necessary to comprehend first the history of occupation in the Caribbean region.

The museum's exhibition not only covers all of the occupations, but also illustrates which currencies were circulating at a particular time. The exhibition illustrates the history preceding our Status Aparte, autonomous within the Dutch Kingdom, and our own monetary system.
